

About Our Staff

Our staff's Medical Director, **Maier Ayyash, M.D.**, is also the head of our Willow Brook Geropsychiatric Unit for people who require inpatient care. Dr. Ayyash is a frequent presenter of grand rounds and in-service programs. He often acts as a psychiatry liaison and consultant for numerous international institutions and programs.

Our psychiatric team's Nurse Practitioner, **Michael Marek, D.N.P., C.R.N.P.**, received his doctoral degree from Robert Morris University in Pittsburgh, Pennsylvania. Dr. Marek is a board certified Psychiatric Mental Health Nurse Practitioner who is licensed to treat individuals across the lifespan. Dr. Marek has experience in both the inpatient and outpatient psychiatric setting, and has published research focusing on cognitive impairments associated with schizophrenia.

Our therapist, **Alexandra Mattina, LSCW**, received her Master's in Social Work at the University of Pittsburgh. She is a Licensed Clinical Social Worker in the state of Pennsylvania and is proficient in psychiatric diagnoses, psychiatric medication, and psychotherapy.

If you are experiencing any of the signs or symptoms don't hesitate to seek help.

Ohio Valley Outpatient Psychiatry offers psychiatric care to men and women over the age of 40.

Psychiatry Services

At Ohio Valley Hospital's Outpatient Psychiatry clinic, we have both a Psychiatrist and a Nurse Practitioner who work with patients on a wide range of mental health services.

These Services Include:

- Psychiatric evaluations
- Psychiatric consults
- Medication management
- Brief cognitive assessments
- Motivational interviewing

We Treat a Variety of Disorders, such as:

- Anxiety
- Alzheimer's Disease
- Dementia
- Bipolar Disorder
- Autism
- ADHD
- OCD
- Depression
- Schizophrenia
- PTSD

... and many more

Therapy Services

We also offer Therapy with a licensed Clinical Social Worker who is trained in active listening and motivational interviewing. By conducting and composing psychosocial assessments, our therapist can then offer the best service for treatment.

These Services Include:

- Psychoanalysis
- Crisis therapy
- Group therapy
- Care giving support
- Couples therapy
- Couples/Family therapy
- Domestic violence counseling
- Grief loss counseling

Additionally, We Treat:

- Those who suffer from grief and loss
- Domestic violence
- Depression
- Anxiety
- Panic disorders
- Schizophrenia

... and many more
