## Employers Expect the Best

Employers expect and demand the best care for their patients, and our graduates give them just that. By immersing you in a fast-paced, exciting environment along with expert, clinical & theoretical training, you can learn to play a vital role in patient care by assisting with diagnosis/treatment of illness and disease.

## Requirements

- High School Diploma
- Math & Science Background
- Ability to perform basic, physical tasks
- Genuine interest in working in the field of Radiological Technology

## Job Opportunities

- Hospitals
- Physicians' offices
- Clinics
- Imaging centers
- Mobile imaging companies

## Career Shadowing

Career shadowing gives a high school junior or senior a firsthand look at this rewarding field by providing the opportunity to spend a day with a Radiography student and an instructor.

### Career Shadowing Appointments:

- Conducted at Ohio Valley Hospital
- Monday – Thursday
- 7:30 a.m. – 11:30 a.m.
- Schedule by calling Ohio Valley Hospital School of Radiography at [412-777-6210](tel:412-777-6210)

## About Our Program

Students who successfully complete the program are awarded a certificate in Radiological Technology and an associate degree in Health Science with a concentration in Radiological Technology. Students are then eligible to take the national certification examination administered by the American Registry of Radiological Technologists (ARRT).

- Accredited by the Joint Review Committee on Education in Radiologic Technology
- Partners with La Roche College
- Full-time, primarily daylight classes
- 24 months (including 2 summers)
- Interviews for acceptance begin in August
- Classes start at the end of August
